

PRODUCT CATALOGUE

Commercial Tapware and Sanitaryware

Enware clinical and sensor taps, thermostatic mixing valves, drinking fountains, clinical basins and accessible toilet suites for hospitals, aged care, schools and public buildings.

2027 edition · +971 4 298 0472 · sales@sabzinternational.me · www.sabzinternational.me

OVERVIEW

Fixtures built for hygiene, safety and heavy use

In a hospital or school, a tap or toilet is used hundreds of times a day by people of every ability. Commercial fixtures are designed for that: hands-free and lever operation to cut hand contact, thermostatic control to stop scalding, and self-closing valves that don't leave water running.

Clinical basins are shaped to contain splashing and drain fully, so water doesn't pool where bacteria can grow. Raised-height and back-to-wall toilet suites make transfers easier for older people and wheelchair users, and are simpler to clean.

Enware is an Australian manufacturer, part of the Watts family of brands, that has made plumbing and safety products since 1937.

- Hands-free and lever options
- Lead-free brass on most current tapware
- Clinical and accessible designs
- Supply, installation and spare parts support

TAPWARE

Taps and mixers

Lever, sensor, self-closing and thermostatic tapware for clinical, public and secure settings.

RANGE

Clinical-Lever

Lever-operated basin, sink, bib and wall-mounted mixers for hospitals and aged care, including Leva mixers with 80 mm and 150 mm levers. Most models are lead free.

RANGE

Self-Closing & Time-Flow

Push-button, spring-action, foot- and knee-operated taps that shut off on their own, plus timed-flow basin and shower valves. Built for schools, public washrooms and anti-vandal settings.

RANGE

Single Lever Mixers

Single-lever basin, sink, shower and in-wall mixers from the Amara, Leva and Oras ranges, with extended-handle and accessible options for healthcare and aged care.

RANGE

Touch Free Sensor

Hands-free sensor taps and Aquablend eSQX thermostatic wall mixers, in mains or battery versions, for hand-hygiene points in hospitals and public washrooms.

RANGE

Thermostatic Tapware

Taps with a built-in Aquablend thermostatic mixing valve, so water leaves the outlet at a safe, set temperature. Includes basin, surgeon's and shower mixers.

Secure Wall Mounted Sensor Tap - Hands-Free - Ligature Resistant Basin Outlet

DET5071A–CNBSN

Hands-free wall-mounted sensor tap for mental health and secure facilities. Ligature-resistant outlet, vandal-resistant fixings, no sharp edges and a 45-second maximum run per use.

Livia Basin Set - Swivel Spout - Lead free

LIV100BASIN

Three-piece lever basin set designed with dementia specialists for aged care. 155 mm swivel spout, 100 mm levers with red, blue or yellow indicators, lead-free brass and a 10-year commercial warranty.

Thermostatic valves and drinking fountains

RANGE

Thermostatic Mixing Valves

Aquablend valves that blend hot and cold water to a safe outlet temperature to prevent scalding, as single valves or cabinet units for hospitals, aged care and schools. For emergency showers, see tempered water systems.

RANGE

Water Chillers and Drinking Fountains

Freestanding water chillers with bubbler and bottle filler, plus hob-mounted bubblers and carafe fillers, for schools, sports facilities and public spaces.

SANITARYWARE

Clinical basins and toilet suites

Wellbeing and Care ranges for hospitals, aged care and accessible washrooms.

Wellbeing Clinical Type A Wash Basin

WB–BSNTYPA–HE

Wall-hung vitreous china clinical basin to Type A clinical hand-wash requirements. Wide front and deep bowl to contain splashing, with no tap holes and no overflow.

Wellbeing Clinical Wash Basin 600mm with Water-Channelling Blade

WB–BSNTYPB–E00 / E10

600 mm Type B clinical hand-wash basin with a water-channelling blade, anti-splash rim and offset drain to cut splashing and pooling. Antibacterial ProteX Plus glaze.

Wellbeing Back-to-Wall Close-Coupled Toilet Suite - Standard Height

WB–WCCCBTW–SH

Rimless back-to-wall suite with concealed fixings, a 4.5/3 L dual flush with anti-vandal button and a soft-close seat. Pan rated to 400 kg. For hospital ensuites, schools and public washrooms.

Wellbeing 800 Close Coupled Back-to-Wall Toilet Suite with Grey Single Flap Seat

WELLBEING800CCWC

Raised-height rimless suite with an 800 mm pan projection for wheelchair transfer, grey single-flap seat and concealed fixings. Meets AS 1428.1 accessibility when fitted with a backrest.

Wellbeing Wall Faced Toilet Pan - Raised Height

WB–WCWFP–RH

Compact raised-height rimless pan (640 × 360 mm) for ambulant toilets, hospital ensuites and aged care. Pan rated to 400 kg. Pairs with an in-wall cistern, sold separately.

Care 721 Raised Height Toilet

CARE721BSC–RH

S Trap, Double Flap Black Soft Close Seat, Grey Support Arms - No Nurse Call. Freestanding raised-height toilet (485 mm with seat) for aged care, with aluminium support arms and an open-rim hygienic flush.

WHERE THEY ARE USED

Who buys commercial tapware from us

Hospitals and clinics

Clinical basins, hands-free taps and thermostatic mixers for wards, ensuites and treatment rooms.

Aged care

Raised-height toilets, dementia-friendly basin sets and scald-safe mixers.

Schools and universities

Self-closing taps, drinking fountains and water chillers for washrooms and corridors.

Public buildings

Vandal-resistant, water-saving fixtures for high-traffic washrooms.

Secure facilities

Ligature-resistant sensor taps for mental health units and secure rooms.

Laboratories

Pair with WaterSaver and BROEN lab fittings and Guardian eyewash.

Model codes from Enware Australia. Availability and UAE lead times are confirmed per order.
