

SABZ INTERNATIONAL

PRODUCT CATALOGUE

Laboratory Furniture and Equipment

Lab design, furniture, fume hoods, safety storage, fittings, gas and extraction for research, QC, hospital, university, school and industrial labs across the UAE.

2027 edition · +971 4 298 0472 · sales@sabzinternational.me · www.sabzinternational.me

LABORATORY DESIGN AND SETUP

We handle the full lab

From layout and design to supply and installation, our team has experience delivering large, complex labs that follow international standards and safe lab practice.

We start with how samples, people and waste move through the lab, then place benches, hoods, sinks and storage to keep that flow short and safe. Every layout includes the safety equipment a lab needs, such as eyewash stations and safety showers within 10 seconds of the hazard.

Labs we design and set up

- Forensic science labs
- Pharmaceutical, clinical and hospital labs
- Engineering labs
- Water testing labs
- School, university and research labs
- Petroleum and industrial labs
- Food testing labs
- Perfume and fragrance labs

How we work

1

Consult

Site visit or call to understand your users, processes and standards.

2

Design

Layout drawings, 3D views and a priced BOQ you can take to approval.

3

Supply

Products from our partner brands, with submittals and data sheets.

4

Install

Our own team installs, coordinating with your MEP contractor.

5

Commission

Testing, snag closure, handover documents and user training.

PRODUCT RANGE

Everything inside a working lab

Ducted fume hoods

Ducted units that protect users from hazardous fumes, connected to building extraction.

Ductless fume hoods

Filter-based units for spaces where ducting isn't possible.

Biological safety cabinets

Protection for users, samples and the environment, to EN 12469.

Lab storage cabinets

Base, wall, tall and lab coat cabinets in one modular system.

asecos safety cabinets

Safe storage for flammable liquids, chemicals, acids and alkalis.

Acid and alkali storage

Ventilated cabinets for corrosives. Acid cabinets comply with EN 61010.

Benches and worktops

Fixed, mobile and island benches with epoxy, phenolic, stainless or ceramic tops.

Stainless steel lab furniture

Hygienic stainless benches, cabinets and work surfaces.

PRODUCT RANGE

Fittings, gas, extraction and specialist furniture

BROEN lab fittings and sinks
Taps, fittings and sinks made for laboratory use.

WaterSaver lab fittings
Durable water and gas fittings for lab benches.

Laboratory gas solutions
Gas fittings, supply points and distribution for benches and equipment rooms.

Fumex extraction arms
Flexible arms that remove fumes at the source, in general and welding versions.

Mobile shelving systems
High-density mobile shelving that can triple storage capacity.

ESD tables and electronic workstations
Static-safe workstations that protect sensitive components during electronic assembly.

Pass boxes
Move materials between rooms without breaking the clean zone.

Guardian safety showers and eyewash
Emergency stations for instant first response to chemical contact.

Lab chairs and stools
Chemical-resistant, height-adjustable seating for every bench height.

Peg boards and drying racks
Wall and bench-mounted drying racks for glassware.

Lab refrigerators and freezers
Refrigerators, freezers and –60 °C ultra-low freezers for samples and reagents.

Laboratory equipment
Supply of lab equipment alongside the furniture, as one package.

Worktops

Worktop	Best for
Epoxy resin	Chemistry and wet labs
Phenolic resin	General, QC and school labs
Stainless steel	Food, pharma and clean areas
Ceramic	High heat and aggressive chemicals

Fume hoods

Type	Best for
Ducted bench-top	Chemistry and QC labs
Ductless filtered	Light, known chemical use
Walk-in	Large apparatus
Perchloric acid	Perchloric acid digestion

Fume hoods are tested to EN 14175 or ASHRAE 110 at commissioning: we measure face velocity, check containment and label each hood with its result.

STORAGE

Lab storage cabinets

Cabinet	Use	Options
Base cabinet	Under benches	Doors, drawers, or door and drawer combinations
Wall cabinet	Above benches	Solid or glazed doors, adjustable shelves
Tall cabinet	Bulk and glassware storage	Full-height, lockable, glazed or solid
Lab coat cabinet	Changing areas, lab entrances	Hanging space and shelves for PPE
asecos safety cabinet	Flammables, acids and alkalis	Fire-rated and ventilated versions

Stainless steel lab furniture

Commercial kitchen furniture

Workstations, preparation counters and storage for professional kitchens and food preparation areas.

Laboratory stainless steel furniture

Hygienic workbenches, cabinets and work surfaces that support organised lab operations.

Stainless steel worktables

Worktables with sliding-door cabinets, drawers or open shelving.

Customised stainless steel cabinets

Storage units in configurations to suit your layout, workspace and operational needs.

BRAND PARTNERS

Laboratory brands we supply

Laboratory projects

Laboratory furniture projects

Project	Location
Khalifa University: Chemistry Lab	Abu Dhabi
Kerry Menat: Food Testing Lab	Dubai
Seluz Fragrances and Flavors Company	Sharjah
Fujairah Municipality: Food Chemistry Lab	Fujairah
Health Plus: Food Chemistry Lab	Dubai
Geochem: Oil and Material Testing Lab	Fujairah and Dubai
WellPharma: Pharmaceutical Lab	Abu Dhabi
Al Bayan Water: Chemistry Lab	Muscat, Oman
Nutridor: Food Testing Lab	Dubai
IGG: Food Testing Lab	Abu Dhabi
Red Planet	Abu Dhabi
Quantlase: Laser Lab	Abu Dhabi
South View School: Chemistry and Dry Labs	Dubai
DPS School: Physics and Biology Lab	Ras Al Khaimah
