ABOUT SABZ INTERNATIONAL

Quality-driven solutions across the UAE and Middle East

SABZ International General Trading LLC is a UAE-based solutions provider. We supply and install laboratory furniture and equipment, stainless steel furniture, flooring and wall cladding, cold rooms, emergency and rescue equipment, commercial tapware and sanitaryware, sleep pods and military mobile units for clients across many industries.

We work with trusted international brands and are certified to ISO 9001:2015 and ISO 45001:2018, so every project is delivered with a focus on quality, safety and customer satisfaction.

Our mission

To deliver quality products and dependable solutions that prioritise safety, customer needs and satisfaction.

Our vision

To become a trusted solutions provider in the UAE and beyond through technical excellence, innovation and reliable service.

CONTENTS

What's in this catalogue

One supplier for the fit-out, safety and specialist equipment your building needs, from design through installation and handover.

- Laboratory design, furniture and equipment
- Stainless steel furniture
- Flooring and wall cladding
- Cold rooms and refrigeration
- Emergency and rescue: safety showers, eyewash, tank showers, evacuation chairs, AEDs, Med Sled and sirens
- Commercial tapware and sanitaryware (Enware)
- Sleep pods
- Military mobile units
- Industries we serve
- Project references and brand partners

1
Consult
Site visit or call to understand your users, processes and standards.

2
Design
Layout drawings, 3D views and a priced BOQ you can take to approval.

3
Supply
Products from our partner brands, with submittals and data sheets.

4
Install
Our own team installs, coordinating with your MEP contractor.

5
Commission
Testing, snag closure, handover documents and user training.

LABORATORY

Laboratory design and setup

We handle the full lab, from layout and design to supply and installation, with experience delivering large, complex labs built to international standards and safe lab practice.

Labs we design and set up

- Forensic science labs
- Pharmaceutical, clinical and hospital labs
- Engineering labs
- Water testing labs
- School, university and research labs
- Petroleum and industrial labs
- Food testing labs
- Perfume and fragrance labs

What's included

Lab furniture, worktops, fume hoods, storage cabinets, sinks and fittings, gas and electrical points, safety stations, wall cladding, laboratory equipment supply and full installation.

Worktop	Best for
Epoxy resin	Chemistry and wet labs
Phenolic resin	General, QC and school labs
Stainless steel	Food, pharma and clean areas
Ceramic	High heat and aggressive chemicals

Ducted fume hoods

Ducted units that protect users from hazardous fumes, connected to building extraction.

Ductless fume hoods

Filter-based units for spaces where ducting isn't possible.

Biological safety cabinets

Protection for users, samples and the environment, to EN 12469.

Lab storage cabinets

Base, wall, tall and lab coat cabinets in one modular system.

asecos safety cabinets

Safe storage for flammable liquids, chemicals, acids and alkalis.

Acid and alkali storage

Ventilated cabinets for corrosives. Acid cabinets comply with EN 61010.

Benches and worktops

Fixed, mobile and island benches with epoxy, phenolic, stainless or ceramic tops.

Stainless steel lab furniture

Hygienic stainless benches, cabinets and work surfaces.

LABORATORY

More for the lab

Fittings, gas, extraction, storage and specialist workstations from our partner brands.

BROEN lab fittings and sinks

Taps, fittings and sinks made for laboratory use.

WaterSaver lab fittings

Durable water and gas fittings for lab benches.

Laboratory gas solutions

Gas fittings, supply points and distribution for benches and equipment rooms.

Fumex extraction arms

Flexible arms that remove fumes at the source, in general and welding versions.

Mobile shelving systems

High-density mobile shelving that can triple storage capacity.

ESD tables and electronic workstations

Static-safe workstations that protect sensitive components during electronic assembly.

Pass boxes

Move materials between rooms without breaking the clean zone.

Guardian safety showers and eyewash

Emergency stations for instant first response to chemical contact.

Lab chairs and stools

Chemical-resistant, height-adjustable seating for every bench height.

Peg boards and drying racks

Wall and bench-mounted drying racks for glassware.

Lab refrigerators and freezers

Refrigerators, freezers and –60 °C ultra-low freezers for samples and reagents.

Laboratory equipment

Supply of lab equipment alongside the furniture, as one package.

STAINLESS STEEL

Stainless steel furniture

Durable, hygienic furniture and equipment for commercial kitchens, laboratories, healthcare facilities and industrial sites: worktables, storage cabinets, counters and custom-made units.

Commercial kitchen furniture

Workstations, preparation counters and storage for professional kitchens and food preparation areas.

Laboratory stainless steel furniture

Hygienic workbenches, cabinets and work surfaces that support organised lab operations.

Stainless steel worktables

Worktables with sliding-door cabinets, drawers or open shelving.

Customised stainless steel cabinets

Storage units in configurations to suit your layout, workspace and operational needs.

FLOORING

Flooring and wall cladding

We supply and install flooring for offices, schools, hospitals, labs, sports halls and public spaces: durable, easy to maintain and professionally fitted. Supplier of Polyflor, Tarkett and Kleenclad.

Vinyl flooring

For schools, hospitals, labs, offices and commercial spaces, including surface preparation and finishing.

Luxury vinyl tile (LVT)

Wood and stone-finish tiles for offices, hotels, showrooms and commercial interiors.

Carpet flooring

Carpet tiles and rolls for offices, meeting rooms, corridors and reception areas.

Epoxy flooring

Seamless epoxy for laboratories, warehouses, workshops and industrial facilities.

Artificial grass

For landscaping, rooftops, playgrounds, sports areas and schools.

EPDM flooring

Rubber surfaces for playgrounds, running tracks, sports courts and outdoor activity areas.

Kids rubber flooring

Soft rubber floors for nurseries, schools, play areas and indoor activity centres.

Gym flooring

For fitness studios, sports halls and training centres, fitted ready for use.

Raised flooring

Raised floor systems for server rooms, control rooms, offices and data centres.

Hygienic floors and walls

Product	Best for	Key benefit
Homogeneous vinyl flooring	Hospitals, clinics, labs	Seamless welded joints, easy to clean
Conductive and static-dissipative vinyl	Operating theatres, electronics, data rooms	Controls static discharge
Polyurea flooring	Food plants, workshops, cold rooms	Fast-curing, tough and chemical-resistant
Hygienic wall cladding	Hospitals, kitchens, cleanrooms	Seamless, impact- and chemical-resistant walls

COLD ROOMS

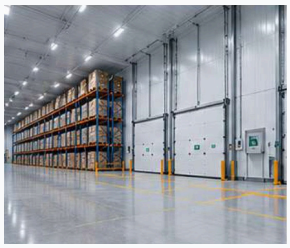

Cold rooms and refrigeration

Cold rooms and cold stores sized to each project's capacity and temperature, with insulated panels, doors and refrigeration for pharmaceutical, food, logistics and distribution clients.

Walk-in cold rooms

For restaurants, kitchens, warehouses and distribution centres.

Warehouse cold stores

Large-scale cold stores for warehouses, including mall warehouses.

Skid-mounted cold rooms

Ready-built cold rooms on a skid frame, easy to move and quick to set up on site.

Refrigeration systems

Refrigeration plant for cold rooms, cold stores and commercial facilities.

Refrigerated trucks

Temperature-controlled transport for safe delivery of sensitive goods.

Freezers and refrigerators

Commercial units for food, pharmaceutical and laboratory use, including supermarket refrigerators.

–60 °C ultra-low freezers

Ultra-low temperature storage for maximum product preservation.

Polyurea flooring

Tough, seamless floor coatings for cold rooms and cold stores.

Type	Typical temperature	Used for
Chiller room	+2 to +8 °C	Fresh food, beverages, vaccines and medicines
Freezer room	–18 to –25 °C	Frozen food and ingredients
Blast freezer	Down to –35 °C or lower	Fast-freezing in production
Pharma cold room	+2 to +8 °C, monitored	GDP-compliant medicine storage

EMERGENCY AND RESCUE

Be ready for any emergency

Evacuation and safety chairs, Guardian safety showers, tank showers with chiller systems, eyewash stations, AEDs and Klaxon sirens for workplaces, laboratories, hospitals, oil and gas facilities and public buildings.

Tank and outdoor safety showers

DESERT AND EXPOSED SITES

GRP tank shower with chiller

Integrated chiller keeps stored water tepid in UAE summer heat.

REMOTE SITES WITHOUT MAINS POWER

Tank shower with solar panels

Solar panel powers the chiller or controls off-grid.

REMOTE, EXPOSED LOCATIONS

Tank shower with chiller and solar

Chiller and solar power on one self-contained unit.

SITES THAT NEED AUTOMATIC REFILLING

Tank shower with water supply system

Water supply system keeps the tank topped up.

PLANTS WITH SEVERAL SHOWERS

Water supply system for tank showers

Feeds one or more showers from a dedicated supply tank.

SHUTDOWNS AND MOVING WORK FRONTS

Mobile safety shower

Forklift pockets or trailer mounting, moves with the work.

Guardian safety showers and eyewash

PLANTS, LABS, CHEMICAL STORES

Guardian G1902

Shower plus eyewash with stainless steel bowl and two GS-Plus spray heads.

CORROSIVE AREAS AND CLEANROOMS

Guardian G1991

All-stainless steel combination station.

LABS, WORKSHOPS

Guardian G1814

Wall-mounted, stainless steel bowl, two GS-Plus spray heads.

PRODUCTION AREAS, CHEMICAL STORES

Guardian G1825

Pedestal-mounted, stainless steel bowl.

AREAS WITHOUT PLUMBING

Guardian G1540

Self-contained 16-gallon gravity-flow tank, 15 minutes of flow.

EMERGENCY AND RESCUE

Evacuation chairs, sleds and mats

Move people safely down stairs when lifts can't be used. Easy to operate and suited to hospitals, hotels, offices, schools and high-rise buildings. Supply, wall mounting and hands-on staff training included.

COMPACT MANUAL CHAIR

Safety Chair EV 4000

159 kg capacity, 4 wheels, lightweight aluminium frame, telescopic armrests and footrest, folds for wall mounting.

MID-RANGE STAIR CHAIR

Safety Chair EV 5000

Self-braking stair tracks, 4-point quick-release harness, adjustable anti-slip handle.

HEAVY-DUTY AND BARIATRIC

Safety Chair EV 7000

250 kg capacity, head support with immobilisation strap, front and rear lifting handles.

POWERED STAIR CHAIR

Safety Chair EV 9000

Motorised descent for heavier, frequent use.

LIGHTWEIGHT STAIR CHAIR

EVAC+CHAIR 300H

Evac+Track friction tracks, head, chest and thigh belts, photoluminescent signage.

EMERGENCY EVACUATION CHAIR

EVAC+CHAIR 900H

Top of the EVAC+CHAIR range.

EVACUATION SLED

Med Sled 36

36 in across, 8 lifting handles, 3 cross straps, foot loop strap, tether and stairwell braking system; rolls up into a bag.

Full model range

Model	Type	Key features
Safety Chair EV 4000	Compact manual chair	159 kg capacity, 4 wheels, lightweight aluminium frame, telescopic armrests and footrest, folds for wall mounting.
Safety Chair EV 5000	Mid-range stair chair	Self-braking stair tracks, 4-point quick-release harness, adjustable anti-slip handle.
Safety Chair EV 7000	Heavy-duty and bariatric	250 kg capacity, head support with immobilisation strap, front and rear lifting handles.

Model	Type	Key features
Safety Chair EV 9000	Powered stair chair	Motorised descent for heavier, frequent use.
Safety Cot	Evacuation cot	For patients who need to be carried lying down.
Safety Mat	Evacuation mat	Moves mobility-impaired patients smoothly down stairs.
EVAC+CHAIR 300H	Lightweight stair chair	Evac+Track friction tracks, head, chest and thigh belts, photoluminescent signage.
EVAC+CHAIR 600H	Dual-position evacuation wheelchair	Works as a stair chair and as a wheelchair.
EVAC+CHAIR 750H	Robust stair chair	Built for heavy use on stairway descent.
EVAC+CHAIR 900H	Emergency evacuation chair	Top of the EVAC+CHAIR range.
EVAC+SLED	Evacuation sled	Adapts to every passenger's size: one size fits all.
ULTI-MAT	Evacuation mat	Small and compact for storage.
Med Sled 36	Evacuation sled	36 in across, 8 lifting handles, 3 cross straps, foot loop strap, tether and stairwell braking system; rolls up into a bag.

EMERGENCY AND RESCUE

AEDs, Med Sled and sirens

MEDICAL

ViVest AED

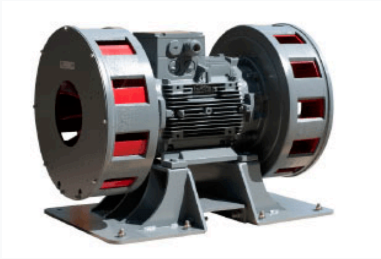

A portable defibrillator that guides users through each step with voice prompts. For offices, schools, hospitals, malls and factories; supplied with wall cabinets and signage.

EVACUATION

Med Sled infant evacuation basket

For high-risk and NICU infants: hands-free carrying, room for ventilation, IV bags and life-sustaining equipment. O2 Evac Pack holds a D or E cylinder; holds 100 lb.

ALERTING

Klaxon sirens

Loud, clear audible alarms for evacuation and emergency alerts in industrial, commercial and hazardous areas.

Commercial tapware and sanitaryware

Enware clinical and sensor taps, thermostatic mixing valves, drinking fountains, clinical basins and accessible toilet suites for hospitals, aged care, schools and public buildings.

RANGE

Clinical-Lever

Lever-operated basin, sink, bib and wall-mounted mixers for hospitals and aged care, including Leva mixers with 80 mm and 150 mm levers. Most models are lead free.

RANGE

Self-Closing & Time-Flow

Push-button, spring-action, foot- and knee-operated taps that shut off on their own, plus timed-flow basin and shower valves. Built for schools, public washrooms and anti-vandal settings.

RANGE

Single Lever Mixers

Single-lever basin, sink, shower and in-wall mixers from the Amara, Leva and Oras ranges, with extended-handle and accessible options for healthcare and aged care.

RANGE

Touch Free Sensor

Hands-free sensor taps and Aquablend eSQX thermostatic wall mixers, in mains or battery versions, for hand-hygiene points in hospitals and public washrooms.

RANGE

Thermostatic Tapware

Taps with a built-in Aquablend thermostatic mixing valve, so water leaves the outlet at a safe, set temperature. Includes basin, surgeon's and shower mixers.

Secure Wall Mounted Sensor Tap - Hands-Free - Ligature Resistant Basin Outlet

DET5071A–CNBSN

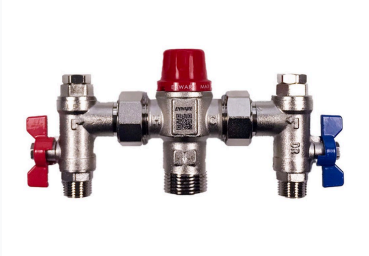

Hands-free wall-mounted sensor tap for mental health and secure facilities. Ligature-resistant outlet, vandal-resistant fixings, no sharp edges and a 45-second maximum run per use.

Livia Basin Set - Swivel Spout - Lead free

LIV100BASIN

Three-piece lever basin set designed with dementia specialists for aged care. 155 mm swivel spout, 100 mm levers with red, blue or yellow indicators, lead-free brass and a 10-year commercial warranty.

RANGE

Thermostatic Mixing Valves

Aquablend valves that blend hot and cold water to a safe outlet temperature to prevent scalding, as single valves or cabinet units for hospitals, aged care and schools. For emergency showers, see tempered water systems.

RANGE

Water Chillers and Drinking Fountains

Freestanding water chillers with bubbler and bottle filler, plus hob-mounted bubblers and carafe fillers, for schools, sports facilities and public spaces.

TAPWARE AND SANITARYWARE

Clinical basins and toilet suites

Wellbeing Clinical Type A Wash Basin

WB-BSNTYPA-HE

Wall-hung vitreous china clinical basin to Type A clinical hand-wash requirements. Wide front and deep bowl to contain splashing, with no tap holes and no overflow.

Wellbeing Clinical Wash Basin 600mm with Water-Channelling Blade

WB-BSNTYPB-E00 / E10

600 mm Type B clinical hand-wash basin with a water-channelling blade, anti-splash rim and offset drain to cut splashing and pooling. Antibacterial ProteX Plus glaze.

Wellbeing Back-to-Wall Close-Coupled Toilet Suite - Standard Height

WB-WCCCBTW-SH

Rimless back-to-wall suite with concealed fixings, a 4.5/3 L dual flush with anti-vandal button and a soft-close seat. Pan rated to 400 kg. For hospital ensuites, schools and public washrooms.

Wellbeing 800 Close Coupled Back-to-Wall Toilet Suite with Grey Single Flap Seat

WELLBEING800CCWC

Raised-height rimless suite with an 800 mm pan projection for wheelchair transfer, grey single-flap seat and concealed fixings. Meets AS 1428.1 accessibility when fitted with a backrest.

Wellbeing Wall Faced Toilet Pan - Raised Height

WB–WCWFP–RH

Compact raised-height rimless pan (640 × 360 mm) for ambulant toilets, hospital ensuites and aged care. Pan rated to 400 kg. Pairs with an in-wall cistern, sold separately.

Care 721 Raised Height Toilet

CARE721BSC–RH

S Trap, Double Flap Black Soft Close Seat, Grey Support Arms - No Nurse Call. Freestanding raised-height toilet (485 mm with seat) for aged care, with aluminium support arms and an open-rim hygienic flush.

SLEEP PODS

Rest when it matters

Power-nap units that give staff a private place to recharge, for offices, universities, hospitals (emergency departments, ICUs, patient wards and night-shift cabins) and public places. Better focus, a quieter space to recover, and a safer, more alert team.

Modern, compact design
Fits into an office corner, an on-call room or a lounge.

Comfortable interior
A quiet, private space to recharge.

Built-in features
Lighting, ventilation and power outlets inside the pod.

Ideal for many environments
Offices, universities, hospitals and public places.

MILITARY MOBILE UNITS

Mobile units built for demanding use

Towing-type trailer units built for military use, designed to be moved easily and used on site. Configuration depends on the mission; we confirm the specification with you.

INDUSTRIES

Industries we serve

Reliable solutions for safer, smarter and more efficient environments.

Education and universities

Labs, lab furniture, flooring, tapware and safety equipment for schools and universities.

Healthcare and hospitals

Clinical labs, evacuation chairs, AEDs, eyewash stations, clinical tapware and sleep pods.

Pharmaceutical

Lab setup, pass boxes, biosafety cabinets and cold rooms.

Oil and gas

Safety showers, eyewash stations, tank showers and sirens.

Research and industrial labs

Forensic, engineering, water testing and petroleum labs.

Food and beverage

Cold rooms, freezers and refrigeration systems.

Logistics and warehousing

Cold stores, skid-mounted cold rooms and temperature monitoring.

Hospitality and retail

Flooring, wall cladding, cold rooms and supermarket refrigerators.

Sports and commercial spaces

Gym, sports, vinyl and carpet flooring for halls, offices and public buildings.
